CHALK AND KERRIGAN CREATURES FROM THE DPTERS

TWO PRINCE OF SHADOWS

A Fantasy Adventure

Kidnapping a princess and holding her to ransom is a risky business in the City of Solon, where the Usurper's guards are everywhere crushing rebellion.

As Prince of Shadows, you must snatch her from the Usurper's iron grasp and give your princess the ride of a lifetime through the uncharted world of tunnels and sewers beneath the City!

But what if the Creature from the Depths is friend, and what is foe? You will need to have your wits about you, and use the book's unique system of character traits, to create your own role-playing adventure, and come out of it alive.

GARY CHALK is well known to fantasy fans for his work on the best-selling *LONE WOLF* series and the *EARTH EARTH* and *TALISMAN* boardgames.

DAVID KERRIGAN is a new writer to the fantasy genre, and has been a writer and journalist for a number of years.

Lookout for *HEAVY STREETS*, the first in the *Prince of Shadows* fantasy-adventure series.
